

# HARMONY PREVAILS AT BIG STRIKERS' CONVENTION.

## President Mitchell Urges the Men to Accept the Proposition Made by President Roosevelt.

WILKESBARRE, Pa., Oct. 20.—About seven hundred delegates of the United Mine Workers of America from the hard coal mining district of Pennsylvania met in the Nesbit Theater today to act on the proposal to settle the long strike by arbitration. The convention was called by President Mitchell under the rules of the association to vote on the plans he laid before the convention.

**PRESIDENT MITCHELL SPEAKS.**  
President Mitchell spoke as follows: "Gentlemen—in opening this convention for the transaction of business, I take pleasure in extending warm greeting and welcome to the accredited representatives of the 150,000 men and boys whose heroic struggle for living wages and American conditions of employment, has won the admiration of the whole civilized world. Language is inadequate to express the sense of pride I feel in you and those you represent."

**MEN ARE UNDERPAID.**  
"It is not my purpose to review the progress of the strike or even to enumerate the important events which have now passed into history. Imprinted indelibly upon the hearts of our people, are the memories of sufferings and hardship which have been endured and are being endured. For five long months the eyes of the nation have been centered upon your actions and it is a pleasure to say that the great heart of the American people throbbed in sympathy with you. It is, of course, a source of deep regret that the millions of underpaid workmen of our great cities should be the most acute sufferers by reason of this contest between ourselves and our employers."

"But strange as it may appear, hundreds upon hundreds of those who suffered much from lack of fuel sent words of commendation and encouragement to us and in many instances declared that they would endure any privation in order that the miners and their families might secure a sufficient wage to enable them to enjoy a little happiness and sunshine, instead of the gloom and sadness which has been their lot for many years."

"The debt of gratitude we owe our fellow workers in this and other lands, the debt of gratitude we owe a generous public and a friendly press who have supported and sustained us during this memorable strike can never be adequately repaid."

**HOLD NO MALICE.**  
"For our opponents we entertain no feeling of malice. While they have managed our characters, impugned our motives and sought the victory by methods which we should scorn to use, yet on this day when we have secured an avenue of redress, on this day when the realization of our hopes and ambitions seems near, when the prospect of a brighter and happier future seems assured, we should hold out to them the hand of friendship and ask them to join us in providing for such business relations as shall for all time establish peace and tranquility in the coal fields."

**ADVISES ACCEPTANCE.**  
"I am firm in my conviction that the prompt acceptance of the proposal will secure to the anthracite mine workers and their dependents upon them a greater measure of justice than they could attain by continuing the conflict. I believe the prompt acceptance of this proposition will secure to the mine workers a greater degree of justice than they have enjoyed in the past. The people of our country await with anxiety the result of your action today; the eyes of the nation are centered upon you, and friends and foes alike demand the submission of issues involved in this strike to the tribunal nominated by the President of the United States."

**FINAL VOTE TOMORROW.**  
"That there are discordant elements in this convention, that there are dissatisfied ones at home, I am fully aware, but gentlemen, with the earnestness of which I am possessed, I urge that you give your approval to the action of your executive officers who have recommended acceptance of the proposition that the strike be declared off and all men are to return to work in the positions and working places occupied by them prior to the strike and that all questions at issue be submitted for adjustment to the tribunal selected by the President of the United States."

**AFTERNOON SESSION.**  
A leading delegate said after the noon adjournment that voting on the arbitration proposition probably would not begin until tomorrow forenoon and that the session this afternoon would be devoted to speeches. He said he was at all to think that the convention would not vote to accept the arbitration plan and de-

# MURDERER CAUGHT BY THE SHERIFF

CARROLLTON, Mo., Oct. 20.—Sheriff Courzen is satisfied that the soldier under arrest at Atlanta, Ga., is not George Taylor, who escaped from jail while awaiting execution for his part in the murder of the McKays family.

# ROOSEVELT IS ABOUT RECOVERED

## WHITE HOUSE WILL BE REMODELED ABOUT MIDDLE OF NOVEMBER.

WASHINGTON, Oct. 20.—While President Roosevelt is progressing satisfactorily toward complete recovery, he is receiving few callers except his Cabinet advisers and those having important official business to transact.

# NO ACTION BY THE MINERS.

## COMMITTEE ON RESOLUTIONS HAVE THE MATTER IN HAND.

WILKESBARRE, Oct. 20.—A committee on resolutions having been elected, the convention adjourned without having taken final action on the strike.

# BOOKER WASHINGTON WILL COME WEST

SAN JOSE, Oct. 20.—A. E. Shumate, president of the State Teachers' Association, received a telegram today from Booker T. Washington, stating that he accepts the invitation to be present and address the convention of State teachers at Los Angeles next December.

SACRAMENTO, Oct. 20.—William Anderson, an employee of the local house of Holbrook, Merrill & Stetson, was struck by a descending elevator while looking down the shaft today and suffered serious injuries. It is thought he is hurt internally.

# "GOD KNOWS I'D RATHER BE DEAD."

## Dr. Stoll's Cry In Court as he Faced Charge of Murderer.

### Prisoner Remanded to Await Verdict of the Coroner's Jury.

SAN FRANCISCO, Oct. 20.—Dr. Benjamin F. Stoll, a nervous wreck and with eyes flaming red from incessant weeping, made his first appearance in court today to defend himself against the charge of murder that will be pressed because of the shooting in the Phelan building last week, in which Stoll sent Dr. Robert J. Blake to his death.

Dr. Stoll has been completely unnerved by the passing away of his victim, and today repeatedly said that he wished he was in the place of the dead man. "God knows I had to shoot in defense of my own life. I did not intend to kill him by any means. I had rather be dead than under this ban and strain, and do not know whether I can stand it. I had far rather be dead than be charged with murder."

**BEFORE JUDGE MOGAN.**  
When Dr. Stoll was taken before Police Judge Mogan this morning he was compelled to take his place with the rank and file of common offenders, and during the brief but significant proceedings in his case he sat with head bowed and with the tears coursing down his face.

**REMANDED FOR TRIAL.**  
The prisoner was forthwith remanded, and will be called to court again when a Coroner's jury has found a verdict. Meanwhile the faithful wife of the accused man is constantly at his side, lending encouragement and cheer as best she can. It is likely that unless some of the late Dr. Blake's brothers sign the complaint, Policeman Gallway will be called upon to take the step, he having arrested Dr. Stoll immediately after the shooting last week.

**DEATH OF DR. BLAKE.**  
Dr. Robert J. Blake, the dentist shot on Thursday by Dr. B. F. Stoll, died early yesterday morning at St. Thomas' Hospital, to which institution he was removed early the night before. As has been feared, blood poisoning developed the third day. In an effort to cleanse the wound Dr. Williamson performed an operation Saturday night, but even this extreme resort did not improve the condition of the patient.

# DEATH SUMMONS JAMES C. M'KEE.

\*\*\*\*\*  
The many friends of James C. McKee will regret to learn that dispatches have been received announcing his death at Mazatlan, Mexico, on Sunday, the nineteenth instant.  
Although Mr. McKee had been ill for over a year, the blow is a severe one to his relatives and personal friends. He had been traveling for several months in Southern California and Mexico in the hope of regaining his health.  
Mr. McKee was very popular in social circles both in San Francisco and Oakland, and was also greatly esteemed among the business community.  
He has been cashier of the Farmers' and Merchants' Savings Bank of Oakland since its incorporation, covering a period of ten years, was a graduate of the State University and a young man of sterling qualities and fine abilities.  
His family will have the deep sympathy of all.

# SPRING VALLEY BEGINS WORK.

## WILL STORE A LARGE AMOUNT OF WATER IN THE CALAVERAS VALLEY.

SAN JOSE, Cal., Oct. 20.—Active work is already under way by the Spring Valley Water Company in its plan to make Calaveras Valley, east of Milpitas, one vast storage reservoir for water.  
There is now a field force of engineers at work as well as some ten or fifteen men.  
These are the advance guards who are preparing for the scores of men shortly to be employed.  
It is proposed to clear the reservoir site of every bush and tree, to excavate where necessary, to cart houses and fences away and change the location of the county road, which now crosses the valley.

# SHE ELOPED AND WAS MARRIED

# PROCEEDINGS OF THE SUPERVISORS

ROUTINE MATTERS HANDLED AT THE SESSION THIS MORNING.

"Shall we refer the communication to the Sheriff's office or advise Josie to shoot?"

This question was asked of the Board of Supervisors this morning by Supervisor Talcott after Clerk Baker had read the complaint of a resident of the county whose property and peace of mind had been destroyed by hoodlums.

"The document will be filed," said Supervisor Chugh, who was in the chair. "I know what I would do," he continued, "if it was my property that was being injured."

The communication referred to is as follows:

"To the Honorable Board of Supervisors of Alameda County: Some time ago, I sent a communication to your honorable body, describing the manner in which unkind and lawless persons acted in my neighborhood. There has been nothing done either by the board or by the sheriff to protect the lawless acts of the marauders then committed, and not only my place but the places of my neighbors are constantly being trespassed upon by pot-hunters who shoot in my fruit trees, in my growing crops and they also shoot down the signs that I put up to notify hunters not to hunt or shoot on my premises.

"I do not know what to do in regard to the matter. Something must be done, and if I cannot get protection from the authorities, I will be compelled to take the law in my own hands, and shoot those men who have no respect for the rights of others. I will not be driven from home by these men. Respectfully,

"ANTONE JOSIE.  
The document was filed.

WANT IMPROVEMENT.

The petition of Charles S. Alford and a number of others asking for the paving of Talcott avenue from Kinsell avenue to the Matthews road, was referred to Supervisor Talcott.

ROAD WORK.

Reports of road work by Road Foreman Heinrich of Claremont; Jackson of Alvarado; and Bonner of Niles, were filed.

SENTENCE REDUCED.

F. M. Finnegan, a prisoner in the County Jail, was granted a reduction of sentence for good conduct.

REPAIRING ROAD.

A petition, signed by J. C. Sullivan and others, asking for the re-building of the Davis or Jennings landing road from the limits of Davis street in San Leandro to a point which the Board might deem advisable. It was shown that the present condition of the road worked a hardship to many farmers using it. The petition was referred to Supervisor Horner.

SALOON LICENSES.

Saloon licenses were granted as follows: Frank E. Vargas, Decoto; Christensen & Madison, Alameda; Hansen, Centerville; C. C. Herbert, Pleasant Valley.

A NEW BOND.

The bond of A. W. Russell in the sum of \$1500 with the City Trust Safe Deposit and Surety Company of Philadelphia, as guarantor, was approved. The work to be done is the building of a bulkhead on Fruitvale avenue, near the field canal.

The applications for saloon licenses of E. M. John of Decoto, Hans Jorgensen of Mt. Eden, Joseph Solon of Mission, were referred to the License Committee.

REQUISITIONS.

Requisitions from the County Clerk, the Assessor and Tax Collector were referred to the License Committee.

BONDS REJECTED.

The bonds of E. R. and A. L. Stone for the improvement of Redwood road

near School street, in the sum of \$15,000 with the Pacific and Deposit Company of Maryland as surety, was rejected.

Supervisor Rowe said that at the last meeting a bond by the same company was rejected because of the manner in which the management of the company had acted in a law suit in which ex-Mayor Snow was sued on his bond, which was furnished by the company in question. It seems that the bond had disappeared and when the suit was brought, the company sought to evade responsibility by seeking to have the existence of the bond proved by compelling the production of the missing document in court.

"That company," continued Mr. Rowe, "sought to avoid the honest obligations. No matter who the man is who presents such a company as surety, I will vote to reject the bond. Do you want to have any bondsman who will stand up in court and say, 'We will avoid paying the bond simply because we need not pay it?' That company is no good. A company that will do such a little piece of work has no standing with me."

Mr. Talcott said that the company in question had given a number of bonds for work done by contractors, and all the bonds of E. R. & A. L. Stone were furnished by that company. He had been told that the reason the company evaded responsibility on the Snow bond was because Snow himself had taken his case to Supreme Court, and did not feel like paying when the matter was still to be determined by the courts.

Mr. Rowe said that the City Council, after the Snow case, cancelled all the bonds given by city officials on which the Pacific and Deposit Company of Maryland was the surety.

SPRINKLING COUNTY ROAD.

A numerous signed petition asked for the repairing and sprinkling of the county road from Hayward to Lake County, and the establishing of a water plant to enable the sprinkling to be done.

Supervisor Talcott said he had been over the ground referred to and had considered the availability of a water plant. The residents of the territory seemed to think that water could be secured near the Haines place.

Carl C. Mohr, Thomas Nissen and N. M. Sorenson, who reside along the road in question, spoke in favor of the project. The communication was filed and the improvement will be inaugurated as soon as possible.

LAKE CHABOT ROAD.

The contract for the grading and draining of a road around Lake Chabot was awarded to K. & A. L. Stone, whose bid for the work was \$7,725.50. The bid of the Piedmont Paving Company for the same work was \$10,000.

Adjourned for a week.

CARPENTER INJURED

BY A FALL.

SACRAMENTO, Oct. 20.—E. G. Gross, a carpenter of this city, fell from a building today a distance of eighteen feet. It is thought he is injured internally.

GIRL AND A TOP.

Did you ever see a girl spin a top? Did you ever see her carefully and closely wind a string around the cone, and then, with a quick throw and jerk, give it the necessary rotary motion to send it whirling along? You never did, and probably you never will, because the ready possibility of doing such a thing does not lie in a woman's anatomy.

A girl can twirl a rope and jump one enough times to weary her watching brother, but a top in her hands is a different thing. She reaches back with her forearm and uses every joint in her body to spin it. If she makes them, as she laughs at all her efforts in the direction of throwing. Observe the children playing in the streets at top-spinning season. You may watch all day and not see one girl with a top in her hand, while you will see hundreds with skipping ropes. If you see any playing with balls they will be simply bouncing them on the pavements, using a very short, cramped motion of the arm in doing so.

The simple fact is that a girl cannot throw, in the true sense of the term, because of the peculiar construction of her shoulder. When a boy throws a ball he bends his elbow, reaches back with his forearm and uses every joint from shoulder to wrist. His arm is relaxed. A girl throws with a rigid arm, because her construction is larger and sits lower than a boy's. This prevents the free motion of the arm required for strength and accuracy in throwing; hence she cannot spin a top properly.

HE MEANT WELL.

# NEW MOVE IN LIBEL CASE.

SUPERIOR JUDGES WILL PASS ON A POINT THIS WEEK.

SAN FRANCISCO, Oct. 20.—The status of the libel cases of W. S. Leake and John D. Spreckels will not be affected by the decision to be rendered on Wednesday next by Superior Judge Lawlor, Dunne and Cook on the point raised by Attorney George D. Collins, as to the exclusive right of Police Judges to sit in misdemeanors of that class as trial judges.

It will be held by the jurists mentioned that it is optional with the bench of the subordinate tribunal to sit as committing magistrate or as judges of the law and the fact.

Therefore, Leake and Spreckels, who were held to answer by Police Judge Fritz sitting as a committing magistrate, and after a preliminary examination, will appear at the bar of the Superior Court in the ordinary course of events as defendants to demonstrate to a jury that they did not libel Henry T. Gage.

It was expected that a decision would be given this morning. Judge Cook announced that Judge Lawlor, who was writing the instrument, had informed him that he would not be ready to submit it before Wednesday.

HAPPENED AT SHILOH.

During the battle of Shiloh an officer hurriedly rode up to an aid and inquired for General Sherman. "That's the man with the field glass," said the aid. Wheeling his horse about, the stranger rode furiously at the general, and touching his cap, addressed him thus: "General, I want to make one report. Sherman is a patterer in a mess."

"Ah," said the general. "How was that?"

"Well, you see, general, der secessionists flanked us, and der secessionists come in der rear of us, and den Schwartz's pattery was tooker."

"Well, sir, you of course spiked the guns."

"Vot!" exclaimed the Dutchman, in astonishment. "Schpilke dem guns! Vot! It would spoil dem!"

"Well," said the general sharply, "what did you do?"

"Do? Vot? Vot took dem pack again!"

The fare for the return trip will be \$1, and Alliance members can invite their friends to accompany them on this trip. A large delegation is expected to accompany the Alliance and whom it up for our next Governor and Congressman.

AGAIN THE "SERVANT" PROBLEM.

Shrewd business men who are to erect a great apartment house upon a conspicuous Fifth-avenue corner have planned there to furnish more conveniences than luxury ever before devised as a tribute to luxury. They propose to "solve the servant problem" by providing hot and cold "lifts" in which food and drink may be whisked from a contract kitchen to the private dining rooms, and separate elevators for waiters to serve and "clear away" meals. Chambermaids and cleaners will keep everything in order, and even valets and ladies' maids will appear upon call for those who require them.

It is an interesting experiment. If successful, it should relieve the patrons of many domestic responsibilities. It should also aid servants by making them well paid and highly specialized workers, with definite hours and more freedom than they usually enjoy in private houses.

Yet a "solution planned for families which can afford rentals rising to \$18,000 a year, obviously promises help only for those who least need it and leaves the "problem" where it was.—New York World.

Mrs. Mamie Herbert, 56 Elmwood Ave., Buffalo, N. Y., Treasurer Empire State Fortnightly, Buffalo, N. Y., After Eight Years' Suffering Cured by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Inflammation and ulceration of the uterus laid me low and robbed life of its joys for me. For eight years I was in frequent pain and misery, and then Lydia E. Pinkham's Vegetable Compound came to me, the greatest boon I have known, for it brought new life and health to me. I used several bottles of Compound and your Sanative Wash. My improvement was slow, but from the first bottle I felt that I was better, and so I kept up courage and continued the treatment. None of my friends ever dreamed that I would be well again, but I have now enjoyed life to its fullest extent for three years."—MRS. MAMIE HERBERT.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound, at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

## HOW TO LIVE AND ENJOY LIFE.

## BAKERS TO EAT WITH RIVALS.

GERMANS ARE GIVEN SOME NEW RULE REGARDING DINING OF LOCAL KINGS OF THE OVEN.

How to live and enjoy life was the subject of a very clever address delivered before the Oakland Turn Verein by Dr. C. G. R. Moutoux at Germania Hall.

The first part of the program consisted of selections by the Singing Section, a recitation by Miss Clara Richmond, shadow play by Richard Levy and an original poem by Paul Tibb.

Dr. C. G. R. Moutoux said in part: "Unpleasant observation and opinion, and in contradiction to diverse and doubtful statistical tables and assurances to the contrary, I am fully convinced that the human race is gradually declining in plumpness of stature, development of the exterior of robust state of the whole body. Deliberate observation shows that in successive generations the bones become more slender and delicate, muscles less developed, the resistance to atmospheric, climatic or seasonal changes and influences, more and more limited and the predisposition to disease increases. A comparison will show the striking difference of the older and younger generation, and the older generation, stout, robust and healthy is gradually becoming the exception.

"Beginning with the very day of birth, we observe causes not at all favorable to a healthy or long life. We see the infant, healthy at birth, or the old, renowned champion, gradually, and by degrees, becoming decrepit and feeble, while nature has provided the first nutriment.

"The next error consists in wrong imagination that the infant must be thoroughly wrapped up in an abundance of clothes wherever exposure of the face is avoided for fear the baby will take cold, and instead of accustoming the baby gradually to the changes of temperature, just the contrary is realized from the constant use of too warm and heavy clothing, predisposing and resulting in a long list of bronchial, digestive or contagious diseases at the slightest exposure.

"Direct sunlight, one of the greatest blessings to mankind, is in our day anxiously guarded against by parents and other shades. Diseases asked nothing more of his skin than a favor than to enjoy the sun, and the sun made smilingly upon him. To all, and especially to weak and decrepit persons, a sun bath of mild rays will soon show its magical effect as a universal tonic.

"Medicines used to assist nature in overcoming morbid conditions under the guidance and advice of a conscientious physician or nurse, exert very often desired influence, yet in the slightest amount, if feeling or, in many instances, imagination a variety of patent medicines and other proprietary and domestic compounds is the worst treatment one could adopt, and it occurs quite often that a comparatively healthy individual becomes a weakling by their use.

**HUSBAND DESERTS WIFE.**

Mary E. Allen was granted a divorce Saturday morning by Judge Greene on the ground of wilful desertion. The couple were married in 1887. The desertion is alleged to have taken place in 1898. Reed & Nishanauer were the attorneys for the plaintiff.

## COMING HAMON M'FADDEN FIGHT

EDDIE HANLON GOING AGAINST KID M'FADDEN AT THE RELIANCE.

Seldom has there been a boxing contest pulled off in this State aside from the championship events that has attracted the attention of the coming meeting of Eddie Hanlon and "Kid" McFadden at the Reliance Athletic Club tomorrow evening. McFadden's long record and his well known fighting proclivities are known to the majority of the people who are interested in this little game on this coast. When the fight is set up to engage in a bout the people go there knowing there will be a fight and they are never disappointed if the other fellow does his part. For this reason the "Kid" has a large following.

Hanlon has not been in the game as long as the "Kid" but his reputation is the envy of a host of opponents of the many art. Beginning as an 105-pound amateur less than two years ago, he fought his way to the top of the heap. When there was no longer anyone in the ring he could get to meet him he was a professional. His first long distance bout was with Frankie Lee in this city, a contest which all who saw will always remember. Though the decision of the referee was that the bout was a draw, the people thought Hanlon should have had the decision. His next fight was with "Burrhead" in Chicago, featherweight with a record as long as one's arm. Little Eddie put the Easterner on his back and he was sent home. McFadden he will show conclusively that he will be able to hold his own with the best of the business.

The preliminaries Tuesday evening, will be furnished by Dave Clayton of the Reliance Club and Frankie McFadden, Jack Capone and Caesar, brother of Al. These will no doubt be of a kind to put a crowd in good humor.

## BASEBALL GAMES DRAW LARGE CROWDS

OAKLAND WINS THE GAME AND LOSES ANOTHER TO SAN FRANCISCO.

After Schmidt had held the Ponies down to two hits in the morning game, his support went to pieces, with the result that San Francisco scored five times in the last inning without the semblance of a good hit being made. Oakland made two runs in the seventh, and had not the team crumbled in the last inning a tie game would have been the result. Score: San Francisco seven runs and two base hits; Oakland two runs and six base hits.

In the afternoon game, Oakland won a shut out and as a result, they led the series. Oakland really lost a few points in not taking the majority of games, but this is more than they did yesterday afternoon, and even made a home run. Lunsbury made a double play without an error, and the whole machine was a saw to make the heart of the local fan glad.

The clubs now stand as follows:

Oakland	15	95	60	48
San Francisco	15	75	50	38
San Diego	15	75	50	38
Sacramento	15	75	50	38
Los Angeles	15	75	50	38
Portland	15	75	50	38
Seattle	15	75	50	38
San Jose	15	75	50	38
Stockton	15	75	50	38
Vallejo	15	75	50	38

San Francisco won the game in the second inning by a single, a three-bagger, a home run and a sacrifice.

The trouble in the third was started by Hodson when he sent a timid one by Williams, and safely reached first cushion. Scotty was hit by the first ball in the inning, was more than enough to offset San Francisco's one gained in the seventh. **TO WED AT CHRISTMAS.**

The engagement of Miss Lillie Fogel, daughter of Mrs. Samuel Jacobson of this city, and J. Rosenbergs, a merchant of Honolulu, has been announced. The announcement took place at a dinner given by the mother of the bride. The wedding will be celebrated during the Christmas holidays.

Miss Fogel is well known in this city. She is a graduate of Blake Seminary and is an accomplished musician and linguist.

The prospective groom has been engaged in business pursuits in Honolulu for several years. He is expected to return from the islands soon.

**BASEBALL SMALL TALK.**

By winning Sunday's game down south Sacramento has won nine consecutive games from the Los Loos. Really is still out of the game with a bum hand.

Hanlon donned his uniform and played first for Los Angeles Saturday. Hodson seemed to have the San Francisco team of batters under a hypnotic influence Saturday and had the Ponies cutting up all kinds of capers trying to connect with the ball.

Clear Jones was signed to play for Los Angeles next year.

In Saturday's game, the Southerners made twelve runs and two home runs, while Sacramento was there with six base hits and a like number of runs.

Schmidt struck three out, and secured his way during the morning game and each time prevented the runner from reaching first.

**DISABLED LAUNCH DRIFTS ON BAY**

Last Friday night, a party of young people went out on a launch intending to return about 9 o'clock, after a few hours' ride around the bay. When passing the narrowwange mole the launch broke down. It could not be controlled and the launch drifted about aimlessly for several hours until it finally landed in San Francisco. On board the boat were: Guy Brundage, Edgar Thompson, Clarence Beadle, Lester Van Der Mark, George Noag, Miss Vivian Clark, Miss Mabel McCutcheon, Stella Mincher, Miss Ethel Dixon and Miss Mabel Martin.

## PLEASANTON IS SOLID FOR THE REPUBLICAN TICKET.

THE COUNTY CANDIDATES ARE GIVEN A SPLENDID OVATION IN THE THRIVING COUNTY TOWN.

Pleasanton is overwhelmingly Republican. This was demonstrated by the grand rally held there last Saturday night in honor of the Republican County candidates.

Nearly a thousand people gathered to hear the exposition of Republican doctrines and principles and to cheer the local nominees. It was one of the most attentive gatherings which has assembled during this campaign. Not a single voter left the hall until the rather lengthy program had been concluded.

The speakers were listened to with much attention and were liberally applauded at the conclusion of their efforts.

The name of Dr. Pardee repeatedly brought cheers from the audience whenever mention was made of the name of Frank C. Jordan, Alameda's other favorite son.

The Pleasanton band effectively played campaign music during the meeting. The Pardee Glee Club accompanying the County candidates was most enthusiastically cheered and compelled to respond to encore after encore. At the conclusion of the meeting the quartet was called upon four times one after the other. The audience then was reluctant to allow the singers to retire.

County Central Committee Chairman William Harris called the meeting to order and asked Town Trustee Frank Lewis to preside and introduce the various candidates.

**SUPERIOR JUDGES.**

Superior Judges Melvin, Hall and Greene made speeches and were roundly cheered.

**J. J. ALLEN.**

District Attorney John J. Allen received an ovation when he arose to speak.

**E. C. PRATHER.**

Acting County Surveyor E. C. Prather was the next candidate presented to the audience. He was cheered.

**JOHN P. COOK.**

John P. Cook, candidate for County Clerk was the next speaker introduced. He was given a rousing reception. He said in part:

"It is an indication of prosperity when a Republican meeting is as well attended as this one is. It is an evidence that the people appreciate what has been done by the Republican party. The confidence reposed in the voters four years ago in the Republican party and its candidates was not misplaced, and I assure you that it will not be misplaced if you give the candidate before you your votes. I have been Chief Deputy in the County Clerk's office for the last four years and understand the duties of the office. I believe I am competent to fill the office. If you agree with me in this respect, I will be pleased to have your votes on November 4th."

**ARTHUR FEIDLER.**

County Treasurer Arthur Feidler was the next candidate to be introduced. He was warmly greeted by the audience.

**ROBERT GRIGG.**

Robert Grigg of Berkeley, candidate for County Recorder, was the next speaker. He was applauded.

**JOHN G. MATTOSS.**

Assemblyman John G. Mattoos was given an ovation by the audience. He promised a faithful performance of his duty if re-elected to the office to which he aspires.

**J. CAL EWING.**

County Auditor J. Cal Ewing was given a vigorous greeting when he arose to speak. He said in part:

"To be a Republican in these days is to be possessed of common sense to a large degree. For the size of this audience and its enthusiasm there is certainly no question as to the common sense possessed by Pleasanton. The people are certainly to be congratulated on the showing they have made this evening. Meetings like this mean the election of Pardee and the entire ticket."

"For myself I will say this much. For forty-five months I have been in office, and have made that number of reports. I have never been one-half cent in error. If re-elected I can only promise you to duplicate this record."

**HARRY LYNCH.**

Harry Lynch, candidate for Superintendent of Schools, was given a hearty welcome.

**JOHN MITCHELL.**

Supervisor John Mitchell, candidate for Sheriff, was given a hearty welcome.

**READY, START!**

An Athletic Event.

You want, everybody wants, brain and muscle, wind and stamina, and can get them if fed properly. This is an athletic age. The man or woman who is weak or sickly, is not in the race; success socially or in business goes only to the strong and healthy. It is largely a matter of choice with anyone for proper living, and proper food will bring the prize.

A good athlete in Chicago tells of the good results he obtained from proper food: he says: "Last spring I began to train hard to become an athlete in track events and to grow stronger; I now know that what strength and victories I have secured is due to the use of Grape-Nuts. When in training for an athletic meet, I would just live on Grape-Nuts alone for three days before the event was to come off. During this time I have won six championship races out of two athletic meets. In a 300-yard run my time was 35 seconds, and in the 75-yard dash the time was 9 seconds, both being a good record."

"Grape-Nuts has given me a stronger mind and also bodily strength which no other food could have done in so short a time. I have gained strength in a most remarkable way since using Grape-Nuts."

"Members of our football team have a training table on which may be found first of all the athlete's favorite food, 'Grape-Nuts.' Name given by Postum Co., Battle Creek, Mich."

County Assessor, was next introduced. He made a happy speech, which won him many friends. He said in part:

"During my term of office I can promise you one thing: that the poor man and the rich man will be treated exactly alike. The yardstick I use will not measure the pocket of the poor man one way and the rich man's another, but every assessment made will be made honestly and fairly."

**OSCAR ROGERS.**

Sheriff Oscar Rogers was given a great ovation, which promises well for his success at the polls.

**JAMES BARBER.**

County Tax Collector James Barber was the next candidate to respond to the chairman's invitation. He said in part:

"The candidates whom you have so generously applauded this evening are the nominees of the Republican party. To endorse them is to endorse the party to whom your property is due. Personally I shall vote a straight Republican ticket, from Dr. Pardee down. I believe the entire ticket will be elected. The size of this audience shows that I am right as far as Pleasanton is concerned."

**OTHER SPEECHES.**

Speeches were also made by Abe P. Leach, Dr. Zimmerman, candidate for Coroner, Constable Locke, Allen G. Clark and George Gray, candidate for Public Administrator.

**CANNOT MARRY THOUGH DIVORCED.**

WIFE WHOSE HUSBAND WOULD NOT WORK WANTS TO MARRY AGAIN.

Although she was granted a divorce six years ago, the failure of her attorney to have a formal decree in the case signed by Judge Ogden now stands in the way of a second marriage contemplated by Mrs. Luella M. McKenley. Through Attorney E. E. Robinson, she today applied to Judge Ogden to have a decree signed and dated on June 9, 1896, when the verbal divorce was granted.

Judge Ogden, however, refused to sign the decree as having been rendered in 1896, but said he would sign the document by dating it Saturday.

The dating of the decree at the present time, however, is very unsatisfactory to Mrs. McKenley, for, under the laws of California, she cannot be married in this State until at least one year has elapsed after the signing of the decree. A marriage outside the State appears to be the only way to circumvent Mrs. McKenley's present difficulties.

Mrs. McKenley's former husband, Edward D. McKenley, was a religious fanatic. During the trial of the divorce proceedings he testified that the Lord had commanded him to wear out his body by physical labor, he, therefore, declined to work to support his family. He left it to the Lord to provide. Mrs. McKenley obtained a divorce on the grounds of failure to provide for her family.

Mrs. E. Wyatt on Saturday commenced suit for a divorce from H. L. Wyatt on the ground of desertion. The couple were married in 1890 and have one child. Mrs. Wyatt asks the custody of the child, and the return of her suit. Her attorney is W. H. L. Hyne.

**ALAMEDA BARGE BEATS OLYMPIC**

VANQUISHED MADE A BAD START BUT MADE FORTY STROKES PER MINUTE.

There was a rowing regatta at Belvedere yesterday, the leading event of which was a contest between the four-oared barge crews of the Olympic and Alameda clubs. The latter won by half a boat length over a course of one mile and a half, the time being seven minutes and twenty-nine seconds. The minutes and seconds were counted by the Alameda crew.

The Alameda crew made a bad start because gun caught them backing. They recovered themselves as soon as possible, however, and made their large leap forward at the rate of 40 strokes per minute. They could not, however, outstrip the Alamedas who maintained a steady stroke of 26 to the minute which, with the advantage they had gained at the start, gave them the victory.

The junior four-oared barge race was gamely contested, resulting in a victory for the South End crew in the very good time of 2:11. The Alameda crew was second, the Stocktons third, while the Olympics were distanced.

The canoe sailing race brought out seven entries. The small craft got away well, but the breeze died down, and the boats drifted about, now scudding ahead with a chance "cut-paw," now being held back by the wind.

Bain's Vieste proved the best light-air boat. Whinn, sailed by H. S. Hixby, was second. The others were distanced.

The 100-yard swimming race was won by W. L. Kopke, A. Young second, C. Clough third. A duck was afterward let loose for the swimmers to catch, the winner being the duck. R. B. Cornell was the successful man.

ENDEAVORES HOLD

A MASS MEETING

Twenty Christian Endeavor societies from the various churches in Oakland assembled in mass meeting last night at the First Methodist Church where the meeting was addressed by J. E. White, Grand Secretary of the State C. E. Union, and Dr. Sara E. Wise, State Superintendent of the Quiet Hour Department. J. E. Gersuch and H. E. Keifer, active Christian Endeavor workers, also addressed the meeting and a musical program was rendered by Messrs. Fisher and Moore, Mrs. Bradley, Mrs. Whitehead and Miss Gertrude Hibbard.

The meeting was for the purpose of discussing Christian citizenship. While the main address of the evening was made by Mr. White, Mr. Gersuch spoke at some length upon Christian patience with public men.

CARPENTER REPORTS

HIS TOOLS STOLEN.

C. W. Armsby, a carpenter, has informed the Police that, sometime Friday night, his carpenter tools were stolen from the basement of a house he was engaged in building on Wadsworth avenue near Fairmount avenue. Detective Sloan is investigating the matter.

# MANY LAWYERS ENDORSE CURRY FOR RE-ELECTION.

## Prominent Attorneys All Over the State Pledge Him Their Support In a Flattering Testimonial.

The leading attorneys throughout the State are strongly in favor of the re-election of Hon. Charles F. Curry. As Secretary of State, Mr. Curry has naturally had business relations with the great majority of them, and his courtesy and promptitude have excited their warm approval. His efficient and business-like methods also come in for hearty commendation. Because of the courtesies he has extended members of the legal profession while in office, a great many lawyers have signed a voluntary testimonial to Mr. Curry and pledging him their unsolicited support for re-election.

This testimonial is given herewith: To Hon. Chas. F. Curry, Secretary of State, Sacramento, California—Dear Sir: The undersigned attorneys, having had business with your office during your incumbency, take this means of acknowledging the uniform courtesy which has been extended by you and your employees.

We feel that the promptness and efficiency with which your office has been conducted by you warrants a re-election, and unsolicited by you, we hereby pledge you our support. Yours very truly,

# WALLACE VOICES PUBLIC DEMAND ON THE FRANCHISE.

## WANTS TO LET THE NEW ROAD ENTER THE CITY ON THE SAME TERMS AS OTHER ROADS.

The Council hearing in Committee of the Whole on the application of the San Francisco Terminal Railway and Ferry Company for a franchise was postponed last Saturday till next Saturday at 2 o'clock to enable the representatives of the company to further confer with the Southern Pacific authorities. In response to Cuvellier's statement that the new company was a mere speculative enterprise, Walter J. Bartlett stated that his company had already invested over \$800,000 in lands, rights of way and the purchase of terminal property, but could not disclose the details of its business further than to say that the franchise would afford ingress for another transcontinental system, and was a definite and bona fide proposition.

Cuvellier made the significant statement at the close of his attack on the new company that he would never vote for granting the franchise until an arrangement had been made satisfactory to the Southern Pacific. Boyer stated that W. S. Palmer, Division Superintendent of the Southern Pacific had informed him that he was not authorized to make any concessions as to rights of way. Wallace struck the keynote when he said the people of this city wanted the new road. He pointed to the Santa Fe as an example of the good policy of letting competing roads come in on terms which would not place them at a disadvantage as compared to other established roads. He said he was prepared to treat the new road as liberally as the Southern Pacific and Santa Fe had been treated, and remarked that if

the Council waited till the Southern Pacific consented to the granting of this franchise the franchise would never be voted on.

The proceedings after THE TRIBUNE went to press Saturday were as follows: "I am in favor of railroads," said Councilman Wallace, "and I believe this to be a legitimate enterprise and means the construction of a new transcontinental line for both freight and passenger traffic. We have the assurance that work will be commenced within sixty days, and we have been given sufficient information to enable us to act intelligently. It is not surprising that capitalists object to fully disclosing their plans when to do so would be to place obstacles in their way. You remember that Captain Payson declined to go into full details, and we made no mistake in giving the Santa Fe a franchise. I am ready now to vote on this question. I am prepared to vote that this franchise be recommended for passage. We have nothing to do with the grade crossings. The companies can arrange those details between themselves."

Boyer said he was in favor of the franchise, but was not prepared to vote for it until the differences in regard to the crossings of the Southern Pacific tracks are settled.

"I think the representatives of the two corporations had better confer with each other," he said. "After they come to an agreement we can go ahead, and I move that we postpone action to give them an opportunity to confer together."

"If this franchise had been drawn purposely to harass and annoy the Southern Pacific Company it could not have been better devised," said Cuvellier. "It interferes with the Southern Pacific's business at too many places and creates too many dangerous places. It will practically ruin the property adjacent to the right of way, but that would not matter, provided the whole city would be benefited, but I have seen nothing to make me believe that this is other than a speculative proposition. I know of no Eastern road that is seeking entrance to this city, and the proposed ferry can never be operated on any regular schedule. As I am going away, I will make my position clear, however. I will never vote for this franchise until some arrangement is made which will prevent the Southern Pacific's tracks being obstructed and its property injured."

"This franchise provides for exactly the same sort of a crossing at Third and Webster streets as has existed for years on Second and Webster," said Schaffer. "Did you ever hear of any accidents occurring there?"

"I don't know as I have," replied Cuvellier.

"If we wait for the Southern Pacific to give its consent we will never come to a vote on this franchise," said Wallace.

Mr. Moore interrupted to say that his company had no objection to the new road coming in, but merely desired to have the crossings safeguarded.

"Was not the narrow gauge given a franchise on the same terms as those on which this franchise was asked?" inquired Judge Nussbaumer.

"I don't know, but if that is so it is not at all in point," rejoined Moore.

Boyer again renewed his motion to adjourn the hearing till the parties in interest could confer, so the matter went over till 2 o'clock next Saturday.

# METCALF GIVEN OVATION IN THE ENCINAL CITY.

## Congressman Delivers a Masterly Address Comparing the Records of the Republican and Democratic Parties.

ALAMEDA, Oct. 20.—The vote for Congressman Metcalf in this city this fall will be phenomenally large. Nearly every man one meets says unequivocally that he is for Victor H. Metcalf first, last and all the time.

The public talk about him has become an absorbing topic since his speech at Armory Hall Saturday night. A more representation could not be assembled in the city, and Mr. Metcalf was given a welcome that showed unmistakably how warm a place he holds in the regard of Alamedans. He was listened to with the closest attention and frequently cheered. It is universally acknowledged that his speech was a masterly presentation of the issues of the campaign, and will greatly stimulate Republican enthusiasm and activity.

Armory Hall was beautifully decorated with flags and bunting, and pictures of President Roosevelt and Dr. George C. Pardee hung in conspicuous places. When Mr. Metcalf was escorted to the platform by Dr. C. L. Tisdale, Colonel George Babcock and Hon. Joseph R. Knowland, there was an enthusiastic demonstration. Dr. Tisdale, as vice-chairman of the Congressional Committee, called the meeting, and introduced Colonel Babcock as chairman of the evening. In taking the chair Colonel Babcock said in part:

"You know how well and how nobly Representative Metcalf has kept his promises, and you know from his record in Congress and his reputation in Alameda county that when he makes a promise he keeps it."

"When we send a man to represent us at Washington, who is honest and intelligent and faithful, it is our duty to return him as long as he obeys the patriotic behests of his people. When you have a public servant who has been faithful in his service return him as long as God gives you power."

J. R. Knowland, Republican nominee for State Senator, delivered a eulogy of Mr. Metcalf's work in Congress. He said:

"The selection of Mr. Metcalf as a member of the Ways and Means Committee speaks more strongly than one might imagine for the work and standing of our Congressman at Washington."

"The people of Alameda owe a peculiar debt to Congressman Metcalf. He promised his every assistance toward the speedy completion of the tidal canal, and that work is completed. I believe the citizens of Alameda should return him by a unanimous vote. Not only has Representative Metcalf been loyal, but so has our senior United States Senator, George C. Perkins. As one of those who may be selected as one of the State legislators I pledge you that I shall vote to return him to the United States Senate, and I can say, upon authority, that the gentleman who will represent the district in the lower house of the State Legislature, Mr. Bates, will do the same."

METCALF IS APPLAUDED.

There was a great outburst of cheers and applause when Congressman Metcalf was introduced. He spoke in part as follows:

"I have come to Alameda, which has always given me such loyal support, to make my first speech in Alameda county during this campaign. I congratulate you on the practical completion of the tidal canal. I cannot promise you a public building, but if faithful, earnest work will accomplish anything it will not be long before you will have one commensurate with your population and standing."

"This is what is called an 'off year' in politics, because there is no great national election at hand. But I beg of you not to be led away by any specious plea that national issues are not involved in this campaign. The Democratic party has in its State platform denounced the protective tariff. Sugar, as a necessary of life and a staple article, should, according to the Democratic party, be placed on the free list. There is nothing the sugar trust wants more than free raw material. Raisins are also trusted handled. Once sugar and raisins on the free list and you strike down two of the most important industries in California. I do not believe that the farmers of this State will vote to send to Congress any man who will vote to put these articles on the free list."

"Again, the Democratic party denounces the Republican majority in Congress for its action on the Chinese exclusion act. Now you know that President Roosevelt is not only opposed to Chinese immigration, but he believes in much stronger laws against European immigration of an undesirable class."

"Why should the Democratic party charge the Republican party with treason? It is a willful and malicious lie. There never was any treachery. There was nothing but the firmest loyalty. And I can only look on that loyalty in the Democratic platform as a bid for votes, an attempt to make the laboring man believe he was betrayed. Thanks to the enlightened policy of the Republican party the laboring man of the United States is intelligent and can see."

"And if it is a question of comparison between the Republican and Democratic parties the laboring man will find that twenty Republican States to ten Democratic States have enacted laws creating labor bureaus. He can learn that there are twenty-one Republican States to three Democratic States that have passed laws requiring inspection of factories. There have been sixteen Republican States to fix Democratic States that have made laws creating an eight hour day. And there is the record of eleven Republican States to three Democratic States

that have enacted legislation to prohibit the use of convict-made goods. HAS PROTECTED LABOR.

"And above all the Republican party has advocated and passed nearly every national measure which has had the interests of labor at heart. The Republican party stopped the coolie trade. The Republican party caused the inspection of steam vessels. The Republican party abrogated involuntary servitude. In March, 1886, every vote in favor of the alien contract labor law was Democratic. Every vote against the bill to prohibit the contract employment of United States convicts was Democratic."

"Which of these records, workingmen, will you take? The Republican party cast the shackles off 4,000,000 slaves. And you know what is the record of the Democratic party in that regard."

"Samuel Gompers, president of the American Federation, estimates that during the tariff period, between 1893 and 1897 more than 3,000,000 men were thrown out of employment. We are all familiar with the terrible uncertainty and distress which covered the country at that period, and tell me, workingmen, which do you choose—the disaster of 1893 or the prosperity of Democracy?"

"The Republican party was never treacherous to the people. The Republican party never betrayed the laboring man. It is of peculiar concern to California that she shall be in the Republican column. It is of vast interest to the workingman that he continue the policy which has raised his condition higher than any one in the world."

"Is there nothing involved in this campaign of a national character? Have we no desire to send to Congress Republican Representatives and a Republican United States Senator who shall stand behind our splendid President?"

"Now the Democrats have a candidate in Mr. Lane who will not discuss national issues in spite of the platform on which he is standing. I have nothing against Mr. Lane. He is a clean man and he is making a clean fight, but I think we have a better man in Dr. Pardee. He stands for good government, for the rights of the people and for all that counts for continued prosperity and protection for the party that means prosperity and protection. Those are the issues to be discussed in this campaign."

PROSPERITY IS AT STAKE.

"Wipe out protection and you cheapen American labor, throw millions out of employment and you give a death blow to every industry in the country. That is what you will do if you put the Democratic party in power. They say protection is a sham and a humbug."

"The issue is clean-cut and well defined. The Democratic party is just as strongly in favor of free trade as it was forty or fifty years ago."

"Fifty per cent. of the imported articles in the United States come in free of duty because they do not interfere with products manufactured or raised in the country. The Republican party stands firmly on this proposition that the American manufacturer, the American producer and the American workingman must be protected."

"The Republican party is proud of its record, proud that it has dignified American labor and has placed it on a plane where every man who wants to work can get it at fair and remunerative wages. It recognizes the fact that labor and capital must march hand in hand and that the nation cannot be prosperous unless labor and capital are both protected."

"How sudden was that awakening in '92 when the Democratic party came into power? Ruin and stagnation fell upon the country. An army of the unemployed marched on Washington—an extraordinary spectacle. Then as now the Democratic party declared it was the friend of the laboring man. Then as now it declared free trade was the panacea. But a strange contest in the election of William McKinley. Prosperity returned. The nation was put again on a stable basis. Protection was the policy of the founders of this country, and protection ever will be the policy of the Republican party. And if we would comply with the strictest kind of an immigration law, I believe the time has arrived in the history of this nation when the American workingman should be thus protected and to raise the standard of American citizenship. We passed such a law through the House, and we will finish the work this winter. That is where I stand on the subject."

"After saying a glowing tribute to the American soldiers and sailors who fought in the American War, Mr. Metcalf closed his address."
